The Results of the 3rd European Adhesives & Sealants Market Report will be presented at the FEICA European Adhesives & Sealants Conference 2011 in Valencia, Spain.

The aim of this publication is to establish a base of primary market statistics updated at three-year intervals. It uses the internationally recognised classification system, adopted by FEICA and the ASC which analyses the market-by-market segment and product category, for easy comparison with the American and Asian reports. The European market Report includes the Western, Central and Eastern European countries and Others which includes countries such as Albania, Baltic States, Belarus, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Macedonia, Moldova, Romania, Serbia and Montenegro, Slovenia, Turkey and Ukraine).

The structure of the report aims to facilitate inter-regional comparisons between Europe, NAFTA and the Asia-Pacific region.
